Sir:

This paper is in response to the advisory action dated July 19, 2001, and to the final Office Action dated April 13, 2001.

A Request for Continued Prosecution Under 37 C.F.R. §1.53(d) is filed concurrently herewith, together with the Petition for a One Month Extension of Time and the appropriate fees.

Applicant's representative requests an interview and will be calling shortly to arrange same.

REMARKS

Reconsideration of the objection to the drawing, specification and the rejection of claims 24, 25 and 28-35 based on the Jacquerod and the Cauwet patents, is respectfully requested on the grounds that the Examiner has misunderstood the meaning of the term "substructure" as used in the claims and specification of the present application.
